

THE TILONIA COVID FUND

We are pleased that the first donation of \$ 4,000 was received from the 137 staff of the Barefoot College (SWRC) Tilonia, who agreed to take a minimum wage as salary till the corona virus crisis is officially over. Others (individuals and organizations) may also voluntarily contribute.

We plan to distribute the basics that every migrant worker, daily wage labourer, woman and child; with no source of income, living in remote villages and slums needs at the very minimum to tide over the crisis. The month's supply will include:

Food and Provisions

Rates approved by Govt

Nutrition Supplement

**SUPER 5
PRODUCED IN TILONIA**

Powdered Milk

For Protection against the virus:
Hand sanitiser

THE BENEFICIARIES

It is proposed to initially cover 20,000 men, women and children within a radius of 100 kms around the Barefoot College, Tilonia; including the poorest and hardest hit slums in Kishengarh and Beawar.

Tilonia Centres will be located in strategic places where the \$ 32/survival kit will be available for distribution to anyone who approaches the Centres.

CONFIRMATION:

They must show some documentation (voter card, Aadhar, pension papers, bank account) when receiving the survival kit. This is to record who has received it and inform the donor.

Perishable vegetable produce of hundreds of farmers in villages unable to reach local markets, because of the lock down, will be lifted from their respective locations at reasonable prices and distributed with the \$ 32/ survival kit.

We request those interested to indicate how many such survival kits they are willing to support, at the costs mentioned above. All those who do so, may write to us on email or through other social media. Do however include your mobile numbers and email ids to facilitate the person who will confirm the receipt of the money, and later enable you to receive reports on how it has been spent.

Effort will be made to mobilise resources from the State Government as well. Their contribution will be acknowledged.
